# Charge Star

- Multi-brand Charging Stations
- Quality Products
- Reliable Network
- Robust Solutions
- Local Partners
- National Coverage
- Onshore 24/7 Customer Service

## WHY CHOOSE US? WHAT CAN WE DO FOR YOU? WHAT DO WE OFFER?

With over a decade's experience Charge Star has been providing Electric Vehicle Charging solutions to its commercial and residential clients in Australia.

Charge Star has expanded from just providing services & solutions to supplying and installing multi-brand charging stations. Along with our partners, we are now capable of providing turnkey solutions related to Electric Vehicle Infrastructure throughout Australia.

- We do not sell you the products & services with the most margin to us. We sell the solutions that best fits your requirement.
- One stop shop for multiple brands.
- Hassle free revenue generation models.
- As a partnership with HUBject, we are ready to integrate with other network providers globally.
- Charge Star network user can seamlessly use 250,000 charging stations globally.
- Custom tailored solutions for your EV charging requirements.

**HUBJECT**

## **We are proud of being part of the following Projects**

# HIGHLIGHT PROJECTS

## Flinders University

Number of Charging Station: 8  
Charging Station Type: Fast AC  
Service Rendered: Supply, Installation ,  
Training and Commissioning  
Highlight: Integration with BMS  
Collaboration: O'Brien Electrical  
(Adelaide)

## RAC Electric Highway

Number of Charging Station: 22  
Charging Station Type: 11 AC & 11 DC  
Services Rendered: Network Management,  
Maintenance and Billing System  
Highlight: Coordination with Local Council  
Collaboration: Multiple local electricians,  
member local councils, RAC

## WA Police

Number of Charging Stations: 3  
Charging Station Type: AC and DC  
Services Rendered: Supply and  
Commissioning  
Highlight: Regulation Compliance,  
Project Transparency, Security  
Clearance and Stakeholder  
communication  
Collaboration: Datatel Electrical and  
Communication

## Moama Bowling Club

Number of Charging Stations: 3  
Charging Station Type: Fast AC and DC  
charging stations  
Services Rendered: Consulting and Supply  
Highlight: Microgrid integration  
Collaboration: Vellocet Clean Energy

# MESSAGE FROM THE DIRECTOR

We envision ourselves as a medium to deliver and add value to your EV Infrastructure project through consistent collaboration with organizations that are striving to provide innovative solutions, quality products and reliable solutions.

Charge Star will contribute towards a smooth transition from ICE vehicles to EV by offering products and services depending upon the clients requirement from a one stop shop platform.

- P. Finnegan
